FISHING OFF THE BAR.-At this season of the year there are numerous points just outside this harbor which afford parties who may be partial to a day's amusement with hook and line a most delightful pastime. On Friday last a number o gentlemen on the yacht Louly made good sport. While fishing they were attracted by an unusu ommotion among the crew of a fishing boat near, and judged from their movements that something d occurred. On inquiry it was discovered that a fisherman, who had flung out his line a few seconds before, droppen !! In the vicinity of a large loon; and the bird noticing the sinking bait dove after it and taking hold of what was intended for the fish was hooked and safely dragged into the boat. This is undoubtedly a very unusual way of accuring this game. Some of these gentlemen caught the same day several large prawn, which were taken on the line and k as is customary with ordinary fish.

A NEW ROUTE TO PHILADELPHIA -The agent of the Baltimore and Charleston Steamship Line have completed arrangements which will largely increase the facilities of freight transportation between this city and Palladelphia. At the depot in Washington Avenue, Philadelphia, equal facilities are afforded to consiguees fo and money. Philadelphia freights for Charleston and the South and Southwest are in like manner received at the depot every day and sent to the Baltimore steamers in through cars, when they are rapidly forwarded to their destina These arrangements, which go into effect with the sailing of the Maryland on Saturday, are commended to the notice and consideration of ippers. The rates are low, insurance can be effected at one-half per cent., and whatever the season there will be no interruption in the regu-
